Intro:

G - B7 – Em - C

Verse 1:

G B7 Em D C
Scraping all away the layers of everyday that keep me far from You
G B7 Em D C
I'm tangled by the roses, I remember only thorns, I want to peel away the old and be new
G B7 Em D C
All my tricky demons I have always fed, and all these empty bottles never emptied out my head
G B7 Em D C
Who has contention? Who has complaints? Who has wounds without cause?

Chorus:

G D Am C/B C
And it makes me fear You, makes me fear You, makes me say strange things
G D Am Cm
Makes me fear You, makes me fear You, now I will draw near to You

Verse 2:

G B7 Em D C
You want it all, and all is always what You will ever need
G B7 Em D C
I'm wanting to change, still I can't rearrange, how can yes and no mean the same thing
G B7 Em D C
It's always a struggle, and it constantly grinds on my mind till my knees are bleeding
G B7 Em D C
I can't win this one, maybe You can fight for me if I keep on pleading

Bridge:

Em C Em D C
No matter how deep the stain, despite the thickness of blame, I'll heal you
Em C B7
Could it be more clear that every part of wisdom begins with fear
