[Intro]

C

[VERSE 1]

C G D
I cannot hide my heart from You
C G D
All that I am is open before You
C G D
You see all of my anxious thoughts in me
C G D
You see all of my selfishness and greed

[CHORUS 1]

C
You call me now to leave behind
D
All of the world and what is mine
G C
But I can barely give myself to You
C
You tell me now what's mine is Yours
D
To gain my soul and lose the world
G C
And all my idols come crashing down
C
And bursting now from in my heart
D
The remnants that are torn apart
G C
But You alone remain on the throne
C G D
Alone, You are King
